SUMMARY

Quality Assurance Analyst with 1+ year of experience executing functional, regression, integration, and exploratory testing across web applications. Skilled in test case and test plan design, SQL-based data validation and Agile/Scrum collaboration. Familiar with SDLC and eager to build on manual testing foundations with test automation practices.

EXPERIENCE

Quality Assurance Analyst | 2iQ Research

Lahore • May 2025 – May 2026

- Executed functional, regression, smoke, and integration testing for web applications across the SDLC, following Agile/Scrum methodologies.
- Validated application data integrity using SQL queries against backend databases during regression and functional testing cycles.
- Analyzed business and technical requirements to design, execute, and maintain test cases and test plans covering functional and regression scenarios.
- Identified, documented, tracked, and reproduced software defects using defect management tool i.e. GitHub, collaborating closely with developers to drive timely resolution.
- Participated in deployment verification and release validation.
- Performed exploratory testing to identify usability issues and hidden defects.
- Maintained QA documentation and version-controlled test artifacts using GitHub.

Emerging Technologies Teacher | International School Lahore

Lahore • Aug 2024 – July 2025

- Designed and delivered engaging lessons in Artificial Intelligence, Robotics, and IoT for primary and middle school students.
- Maintained weekly Excel trackers for student progress monitoring, ensuring accuracy and consistent record-keeping.

SKILLS & TOOLS

QA & Testing: Manual Testing, Functional Testing, Regression Testing, Integration Testing, Exploratory Testing, Smoke Testing, Test Case & Test Plan Design, Defect Management, SOP Compliance, Agile/Scrum

Programming & Query Languages: SQL, Python

Tools & Platforms: GitHub, Excel (Pivot Tables, VLOOKUP), Tableau

Domain Knowledge: SDLC, Quality Assurance (QA) Processes

Soft Skills: Cross-functional Communication, Requirements Analysis, Process Documentation, Attention to Detail, Analytical & Problem-Solving

EDUCATION

BSc Electrical Engineering | FAST-NUCES, Lahore

Lahore • Aug 2019 – Jul 2023

CERTIFICATIONS

- Google Data Analytics Professional Certificate — Coursera
- 10-Week Intensive Data Science & Machine Learning Bootcamp — Dice Analytics
- 12-Week Data Analytics Bootcamp — AI DataYard
- AI Tools Workshop — BE 10x (Chatgpt, Gemini, Claude, Kimi)
